

**LEGEND SUBSTANCES AS EXEMPLIFIED IN TRADITIONAL  
BOTANICAL AND HERBAL PHARMACOPOEIA  
PER RCW 18.36A.020(10) AND WAC 246-836-210(9)  
UPDATED 01/27/2004**

**Acetic Acid** (for example, Acijel; Acetic acid otic solution USP)

**Amyl Nitrate**

**Anticholinergic agents** (including belladonna and atropine)

**Antidiarrheals**

**Antimicrobials** – non-injectable forms only

**Cineraria maritime**

**Colchicine**

**Diuretics** (limited to thiazide, loop, potassium-sparing only)

**Digestive Enzymes** (including pancreatin and pancrelipase)

**Ephedrine**

**Epinephrine**

**Ergot Preparations and Derivatives** (including ergonovine, ergotamine tartrate and methylergonovine)

**Estrogens** (including diethylstilbestrol, ethinyl estradiol, estradiol, quinestrol, estropipate, and conjugated estrogens)

**Gallstone Solublizing Agents** (bile salts and acids)

**Glucocorticoids** (including hydrocortisone) – topical application only

**Hydrochloric acid**

**Laxatives**

**Lithium** (including lithium carbonate) – non-psychiatric dosages only

**Methylene blue**

**Nicotine**

**Oxytocin**

**Papain**

**Papaverine**

**Pepsin**

**Pilocarpine**

**Podophyllum**

**Progestones** (including progestogen, medroxyprogesteron acetate, norethindrone acetate, and norgestrel)

**Procaine** (also eligible under RCW 18.36A.020(12))

**Quinine** (including quinidine)

**Rauwolfia** (including reserpine)

**Scopolamine** (Hyoscyamus and derivatives, including scopolamine and hyoscyamine sulfate USP)

**Silver Nitrate**

**Stool Softeners**

**Theophyllin**

**Thyroids** (including thyroid USP; thyroglobulin; pork thyroid “liquid” capsules; USP; levothyroxine sodium USP; liothyronine tablets; and liotrix tablets USP)

**Urinary Tract Agents** (antiandrogens, Proscar, Flomax)

**Urea** (for example: Amino-Cerv)

**Yohimbine HCl**

**VITAMINS, MINERALS, TRACE MINERALS  
AND NATURAL FOOD ELEMENTS  
PER RCW 18.36A.020(6) AND RCW 18.36A.020(10)**

**Vitamin A**

**Thiamin** (Vitamin B1)

**Riboflavin** (Vitamin B2)

**Niacin** (Vitamin B3)

**Pantothenic acid** including dexpanthenol (Vitamin B5)

**Pyridoxine** (Vitamin B6)

**Cyanocobalamin or hydroxocobalamin** (Vitamin B12), including intrinsic factor

**Folic Acid**

**Biotin**

**Ascorbic acid** (Vitamin C)

**Vitamin D** (including calcitriol, calcifidiol, ergocalciferol)

**Vitamin E**

**Calcium** compounds

**Magnesium** compounds

**Potassium** compounds

**Fluoride** compounds

**Iron** compounds

**Iodine** (including potassium iodide and niacinamide hydroiodide)

**Zinc** compounds

**Trace Mineral** compounds (chromium, selenium, molybdenum, vanadium, boron)

**Amino Acids** (including but not limited to n-acetylcysteine, levocarnitine and amino acid combinations)

**Liver Preparations**

**Vitamin K**

**Calcium folinate** (Leucovorin calcium)
